

Citable reviews in the life sciences

## Is this you?

Wasting time scanning endless search results for the citable articles you need?

### Do you need:

- Help in selecting topics?
- Help in researching topics?
- To reference citable articles?

### Then look no further than eLS.

eLS provides you with:

- Topic browsing – find articles quickly and easily
- Sub-topic browsing – read overviews and suggested articles
- Themes browsing – access collections of articles on high-profile issues
- Latest articles browsing – read new articles in the monthly updates.

eLS provides citable, peer-reviewed articles written specifically for life science students.

“The coverage is awesome”
